

Metal Cleaner

TECHNICAL DATA SHEET

April 2023.

DESCRIPTION

RestoFinish Metal cleaner is a specially formulated blend of active solvents designed to lift and remove contaminants and residues commonly found in automotive restorations. These include wax, grease, oils and silicones. RestoFinish Metal Cleaner is an essential part of the "RestoFinish Process" and the perfect cleaner for mild steel and non-ferrous metals (including lead).

APPLICATION

RestoFinish Metal Cleaner is ready to use, no mixing or dilution required. For best results use before and after abrading the surface.

Apply RestoFinish Metal Cleaner to a clean cloth and wipe areas to be cleaned. Not allowing surface to dry. With a second dry clean cloth, immediately wipe area until dry to remove contaminants. Change and dispose of cloths as required.

Sand or abrade the surface as required to remove all residues, traces of corrosion, existing coatings. Ensure correct surface profile for future coatings. If surface rust is, or may be present, use RestoFinish RusGo as per Technical Data Sheet (TDS.)

Repeat the cleaning procedure using the two-cloth technique as above. The process may have to be repeated several times to remove stubborn contaminants and debris. Ensure surface is clean and dry before coating.

Note:

- Bare metal can begin to rust within hours. Please refer to RestoFinish Epoxycoat or RestoFinish AfterBlast TDS for bare metal coating instructions.
- Do not allow the pouring outlet to contact dirty or used cloths as this could cause the contents to become contaminated.

HEALTH & SAFETY

Please refer to Safety Data Sheet (SDS).

HEALTH AND SAFETY: Use in well ventilated area. Do not breathe fumes or vapour. Eye and skin protection must be worn. Wash from skin immediately. If Swallowed – DO NOT INDUCE VOMITING – give a glass of water. SEEK MEDICAL ATTENTION.

HEALTH AND SAFETY FOR PROFESSIONAL USE ONLY. Full instructions must be read before use. Please refer to RestoFinish RusGo Safety Data Sheets (SDS) and product labels for full Health and Safety details and product handling instructions.
